A CHAPTER OF ACCIDENTS.

**WRECK ON THE BALTIMORE & OHIO
RAILROAD.**

A Fast Line Express Dashes Into a
Freight Near Albion, Indiana, Killing
Five People and Seriously Injuring a
Number of Others—Other Fatalities.

ALBION, Ind., July 28.—The fast line
express on the Baltimore & Ohio road,
which left Chicago last night with two bag-
gage cars, collided with a freight train on
a curve near Albion, Ind., killing five peo-
ple and injuring many others.

Engineer Cramer, of Garrett, and Fire-
man Edward Koken, whose relatives live
at Dayton, O., both on the passenger train,
and Engineer Diemer, of the freight, was
killed.

Steamer Ashore.

NEW BEDFORD, Mass., July 28.—The
steamer Martha's Vineyard, with 400 ex-
cursionists on board, returning from Fal-
mouth Heights to this city yesterday, went
ashore in a fog on Nebraska Point near
Wood's Hall and was somewhat injured.
She will probably float off at high tide. The
passengers were all safely taken off and
reached here by special train over the Old
Colony road.

Girl Drowned.

JANESVILLE, Wis., July 28.—Leila Spager,
fifteen years of age, daughter of J. V.
Spager, of Chicago, was drowned while
bathing in a small creek near this city.
Cora Parker and Evaline Spager, the latter
a sister of the drowned girl, narrowly es-
caped meeting a similar fate, but were
rescued by Eddie Parker, who also nar-
rowly escaped drowning.

Drowned in a Reservoir.

AKRON, O., July 28.—William Swartz,
aged twenty-two, residing about seven miles
south of this city, while bathing in the res-
ervoir, was drowned. He was taken with
cramps and went down before help could be
rendered. This makes the fourth case in
this vicinity since Saturday.

Freight Train Derailed.

CARMI, Ill., July 28.—A Louisville &
Nashville freight train was derailed yester-
day afternoon this side of Wabash station.
The engine fell upon and killed Fireman Al.
Yearwood. Henry Craft, brakeman, had
his knee fractured and back and neck.

THE COLOR LINE.

Why Negroes Are Barred Out From the
International Drill at Chicago.

CHICAGO, July 28.—"Why is it," asked a
reporter for the United Press of Gen. C. S.
Bentley, general manager of the Interna-
tional military encampment, "that com-
panies composed of colored men will not be
allowed to take part in the International
encampment and drill?"

"Because it is desirable that perfect har-
mony should prevail, and that would not be
the case if colored companies were allowed
to participate. We reserved the right to
reject applications for entry, and it is not
our purpose to accept the entry of any or-
ganization, white or colored, that will inter-
fere with perfect harmony among the
troops. I made the order entirely on my
own judgment, without consulting others
directly interested. I made the decision and
adhere to it because I did not and do not
now think it wise to bring unbecomingly
elements together. The occurrences at the Na-
tional military encampment in Washington
last May shows that the admission of col-
ored organizations would cause bad feeling.
Colored companies were allowed to partici-
pate there, but they were compelled to camp
apart from the other troops, and certainly
were ostracized in many ways. I do not
want anything of the sort to happen here."

A Brutal Deed Near Fairmount, Ky.

FAIRMOUNT, Ky., July 28.—Joseph Neave,
a very old and highly prosperous farmer,
of Neave Postoffice, eight miles east of this
place, was most brutally murdered this
morning by John Neave, his son. John has
been cultivating a part of his father's farm
"on the share" for some time, and as he was
threshing his wheat this morning the old
man took a few sacks and started over to
John's to get his share of the crop. Arriving
at John's place his son told him if he
went to the barn he would kill him. The
old man persisted, and drove toward the
threshing machine, when the young man
picked up his shotgun and fired, literally
tearing his father's head to pieces, and
causing instant death. The heartless wretch
has barricaded himself in the house and
defies arrest. A mob is organizing, and
Neave will probably never live to see the in-
side of a jail.

Itinerary Rolling Mills Assign.

CINCINNATI, July 28.—The Riverside Iron
and Steel company, whose president is W.
P. Harris, and whose secretary is A. Gahr,
assigned for the benefit of creditors to John
S. Connor. The liabilities are supposed to
aggregate \$150,000. The assets, it is sup-
posed, will not exceed a third of that
amount. This is a branch of the E. L. Har-
per assignment which occurred about the
time of the Fidelity bank failure. It was
supposed that Maj. Lloyd, the trustee of
Mr. Harper, had charge of the property.
It is now opined that Maj. Lloyd and Judge
Connor will have a great wrangle as to
which is the legal holder of the assets.

Clothing House Destroyed.

MINNEAPOLIS, Minn., July 28.—The seven-
story brick building at Washington and
Second avenues, South, occupied by the
Boston One Price Clothing house, and L.
Franklin's house furnishing bazaar, burned
last evening. The building and stocks are
estimated by the proprietors to be worth
\$200,000, with damage of \$105,000 and in-
surance \$140,000. The adjoining build-
ings were damaged by water and falling
wall to the extent of \$20,000. During the
fire Robert York, fireman, was seriously in-
jured by the fall of a large piece of plate
glass.

Destructive Tornado.

CLYNDON, Minn., July 28.—A tornado
struck the town of Moland, four miles north
of here, last night, tearing down several
houses. Mrs. Lea, aged thirty-one years,
was fatally injured, and her husband and
son and several others severely injured.

OUR SAMOAN INTERESTS.

Necessity for the Renewal of the Treaty
and Other Commercial Negotiations.

NEW YORK, July 28.—A Washington
special to the Post says: It is ascertained
that the object of the visit of Sir John
Thurston, governor of the Fiji Islands, is to
confer with the state department on some
features of affairs in the Samoan Islands,
in which civilized countries have a common
interest. It is by virtue of his position as
special commissioner to Samoa, and not be-
cause he is governor of the Fiji Islands, that
he has special knowledge with respect to
Samoa. He is now on his way to England to
confer with the foreign office as to Samoa
and to make a personal report.

The subject in which the three coun-
tries—the United States, Great Britain and
Germany—have a common interest is the
title to the lands. Large tracts have been
sold by the natives to the foreigners, sev-
enty-five thousand acres having been sold in
one body to Germans, at very low prices.
In some instances for not more than one
dollar an acre. The consideration has often
been annuities and articles of barter, but
the title to the lands, owing to the com-
munist system in which families fre-
quently live, are not clear. There has been
a disposition to postpone the evil day, and
as foreign countries, rivals to each other,
are constantly acquiring large possessions in
the islands, it is deemed of importance that
there should be some adjustment of the diffi-
culties.

So great have been the complications that
the natives have been forbidden by the Sa-
moan government to sell their lands, but
they have not strictly obeyed this order.
The United States, if it is desired to retain
the advantages which it now has in Samoa,
will be obliged soon to renew the treaty
with that government; the present treaty,
which was the first which Samoa ever nego-
tiated with any government, will expire on
July 3, 1888.

It is not probable that Sir John Thurston
is anxious to assist our government to secure
the negotiations of a new treaty, but Great
Britain and Germany will undoubtedly co-
operate to improve the basis of the develop-
ment of commerce by coming to some un-
derstanding as to land titles, and it is ad-
mitted by those who have visited the islands
that the government of Samoa will do what-
ever the great governments named will
unite in asking it to do.

An Undertaker's Wagon Upsets.

CINCINNATI, July 28.—Jim Nuttle, shot
by "Jail" Kennedy Saturday night, died
at 10:30 last night. While the remains were
being removed from the Good Samaritan
hospital to his late home on State street, the
undertaker's wagon went over a twenty-
foot embankment near the Northern Nar-
row Gauge railroad. The night watchman
of the depot heard the cries of the driver
and went to his rescue. On going down the
embankment he beheld the undertaker's
wagon upside down and the horse kicking.
By the fall the box containing the corpse
was broken open and the body was thrown
out on the ground. It was not, however,
disfigured. The driver and horse almost
miraculously escaped injury. The remains
were replaced in the box and taken to the
home of the deceased.

Criminal Negligence.

PITTSBURG, Pa., July 28.—The coroner's
jury investigating the cause of the death of
Engineer Moore, who was killed on the Bal-
timore & Ohio railroad in this city on Sun-
day last by the train running through an
open switch and being hurled over an em-
bankment, finished its labors. They found
that it was caused by the gross criminal
negligence of Conductor August Bushman.
They also censured the Baltimore & Ohio
Railroad company for neglecting to repair
the signal target at the switch, which was
damaged by a recent fire. Bushman was
committed for trial. He has been in the
employ of the company for twenty-one
years.

Gored by a Vicious Bull.

ST. LOUIS, July 28.—A special from
Fayette, Mo., says: William J. Baskett,
one of the best known and wealthiest far-
mers of Howard county, residing near Estelle
Station, died this morning from wounds re-
ceived from a vicious bull Friday. While
driving up his cows Friday evening, Mr.
Baskett was attacked by a short horn bull
in his pasture and was knocked from his
horse and gored by the animal. He was
found by some one passing, and taken to
his home, and medical attention sum-
moned, but he died at 7 o'clock this morn-
ing.

A Sensational Wedding.

ST. LOUIS, July 28.—The marriage of E.
C. Woodward, of the Woodward & Tiernan
Printing company, one of the wealthiest es-
tablishments in the city, to Miss Lizzie
Burks, a girl who has for five years been a
press feeder in the house, is announced.
The couple were married on January 29, but
of parental wrath led young Woodward to
defer the announcement. The young wife
continued to feed presses until two weeks
ago. Woodward's fears appear to be well
founded, as his father is said to be willing
to give him a chance to try the world single
handed.

Blaine Coming Home.

CHICAGO, July 28.—A special cable to the
News from Bridge of Earne, Scotland, says
that on Monday Mr. Blaine suddenly deter-
mined to close his foreign tour and return
at once to America. He finally consented
to make a tour of the Frossachs on Monday
next, but insisted that after that he should
take the first convenient boat home. Yester-
day he declared that he should start for
New York in a couple of weeks. It is be-
lieved that the waters are doing Mr. Blaine
much good, and Mrs. Blaine and the young
ladies are enjoying themselves to their
heart's content.

Found in a Cornfield.

FAIRMOUNT, Ill., July 28.—William Bel-
lus, of Potomac, who disappeared from his
home very mysteriously last Tuesday, has
been found in a cornfield some miles from
home, crazed and almost starving. He was
under the hallucination that some one was
trying to take his life.

Charged with Arson.

PORTSMOUTH, O., July 28.—The residence of
Mrs. Kerlin Zaph was destroyed by fire
last evening. Her son Jake has been ar-
rested on suspicion.

THE MORMON PRESIDENT.

**DEATH OF THE MAN WHO SUC-
CEDED BRIGHAM YOUNG.**

John Taylor, President of the Mormon
Church, Dies at Salt Lake City—A Brief
History of His Remarkable Career—A
Noted Journalist Dies at Toledo.

PRESIDENT JOHN TAYLOR.

SALT LAKE CITY, July 28.—John Taylor,
president of the Mormon church, is dead.
The funeral will be at noon on Friday next
at the tabernacle. The body will lie in state
in that building, and the public will be per-
mitted to view the remains. John Taylor
was born in England in 1808. He joined the
Methodist church in England, and emigrated
to Canada in 1832. In 1834 Taylor was
baptized into the Mormon church, and in
1838 Joseph Smith had a "revelation" nam-
ing Taylor as one of the twelve apostles.
He did much missionary work for the
church for twenty years in the Isle of Man,
England, Scotland, Ireland, France and
Wales. He was also editor of various
church papers. He was with Joseph Smith
in the Carthage jail and received four shots
when the assassins opened fire. He has
been president of the church since Young's
death in 1877.

Apostle John Taylor was so zealous in the
faith that at one time, in 1853, he actually
established a Mormon paper in New York
city, and sought to convert the wicked in-
habitants of that place to the ways of Latter
Day saints. But although a good many of
the citizens of the metropolis, according to
Mormon belief, endorse and follow the ways
of the saints on the sly, yet they could not
be brought to the scratch of advocating their
views publicly, and Brother John's paper
was done for almost as soon as it was begun.

Death of a Noted Editor.

TOLEDO, O., July 28.—Gen. J. M. Conly,
editor and proprietor of the Toledo Com-
mercial, died last night of heart and lung
trouble. He was a native of Perry county,
Ohio, was bred a practical printer, and af-
terward adopted the law, entered the army
in President Hayes' regiment, the Twenty-
third Ohio, rose to be a colonel, and was
bravely brigadier general for gallant ser-
vices in the field. After the war for several
years he was editor of the Ohio State
Journal, Columbus, was postmaster of Col-
umbus from 1872 to 1874, was appointed
minister to the Sandwich Islands in 1877,
serving five years.

Susan Reed Howland Dead.

SPRINGFIELD, Mass., July 28.—Susan Reed
Howland, wife of Rev. W. W. Howland, for
forty-two years a missionary in Ceylon,
died recently at Jaffna, in that country.
She graduated at Mt. Holyoke in 1839. Two
of her children, Rev. S. A. Howland and
John Howland, are missionaries. The re-
cent death, under peculiarly sad circum-
stances, of her eldest son, Rev. W. S. How-
land, and his wife, at Auburndale, Mass., is
thought to have hastened her death.

Bishop O'Reilly Dead.

TOPEKA, Kan., July 28.—Bishop Elect
O'Reilly, of the Wichita diocese, died last
night. He was born in Ireland forty-one
years ago and received his ecclesiastical edu-
cation in Milwaukee. He came here from
there five years ago as pastor of the Church
of the Assumption, and was appointed
bishop last June.

WORKING FOR ENGLISH WAGES.

And Waiting the Convenience of the Con-
tractors for Pay.

NEW YORK, July 28.—Charles Gooden, of
Chicago, who was employed as a painter at
the American exhibition in London, was at
Castle Garden to-day trying to obtain
transportation home. He tells a queer story
of his experiences at the exhibition, which
he pronounces a complete failure. The work,
he says, was all done by English contrac-
tors, who paid starvation wages, and invari-
ably kept the men waiting an indefinite
length of time for their pay.

"We would knock off work at noon Sat-
urday, and the contractors would keep us
waiting until 9 or 10 o'clock at night, and
often later, for our money," said he. "The
English-working people laid the blame for
this on the American management, whereas
the English contractors alone were respon-
sible. Several riots were the result of this
treatment, and on one occasion the mob
broke all bounds and tore down a large
American flag which floated from one of
the scaffolding, and proceeded to burn it
on a bonfire. I seized the flag, and saved it
from destruction, but I came near getting
laid out for it. The police, however, ap-
peared on the scene just in time, and drove
the mob away."

This indignity, according to Gooden, was
witnessed by Consulting Engineer O'Dris-
coll, but the matter was hushed up.

Burke and Ryan to Fight.

SAN FRANCISCO, July 28.—Paddy Ryan
and Jack Burke signed articles to box six
rounds, Queensberry rules, with small gloves
in San Francisco September 19 next, the win-
ner to take 75 per cent. and the loser 25 of
the receipts.

Death at a Wedding.

BRAZIL, Ind., July 28.—During a general
fight at an Austrian wedding, one man was
killed and one fatally injured.

DESTRUCTIVE STORM.

Washouts and Landslides, Bridges Gone
and Roads Ruined.

SUSQUEHANNA, Pa., July 28.—The rain
storm here was the most destructive ever
experienced. The track of the Erie road
for a thousand feet has been washed into the
Susquehanna river at Red Rock, four miles
west of here, impeding traffic. The Jeff-
erson branch is abandoned on account of land
slides. Bridges have been washed away
and highways and roads destroyed. Several
houses were carried down the creeks.

Bad Railway Washouts.

READING, Pa., July 28.—The storm yester-
day afternoon did considerable damage
in the vicinity of Shamrock, on the East
Pennsylvania branch of the Reading rail-
road. Several bad washouts occurred west
of that town, and it will require several
days to repair the damage. Passengers
are being transferred. Many houses were
flooded and property badly damaged. The
storm was the most severe ever known in
that section. Telegraph and telephone wires
are prostrated.

Property and Crops Destroyed.

ST. PAUL, Minn., July 28.—Specials to
the Pioneer Press show the storm was un-
usually severe and destructive in Dakota and
Minnesota. Many dwellings and outbuild-
ings were damaged or destroyed and crops
badly injured. At Rapid City, Dak., hail
covered the ground to a depth of four inches,
and did \$10,000 damage. A freight train
was struck by lightning, and forty mules
killed.

Electrical Storm.

NEW YORK, July 28.—A very severe
electrical storm prevailed in this city for a
time last night. Two or three electrical
balls burst near the earth with loud de-
tonations; telegraph and telephone wires were
struck in many places and a number of per-
sons, including the signal service observer,
were severely shocked.

Only One Life Lost.

GREAT BARRINGTON, Mass., July 28.—Al-
though damage to property was very great,
the reports of loss of life have been exagger-
ated. The only body found is that of Mr.
Drum, of Caryville. It is stated that in
Hillsdale, just over the line in New York
state, not a mill is left standing or in work-
ing order.

A Pony Saves Two Lives.

DETROIT, July 28.—At Higgins' Lake,
Roscommon county, yesterday, Mrs. Charles
H. Pettet and her three-year-old daughter
were boating, when the child fell into the
water. The mother, in her anxiety and
fright, upset the boat, and, as they were
alone, both would have drowned had not
their horse, an intelligent French pony,
which had been turned out to graze on the
shore of the lake, come to their rescue. It
swam out to them, and when they had taken
hold of its mane struggled back to shore, a
tired but heroic pony. The animal is in-
clined to be balky, and he never would pull
anything, but he is a prime favorite now.

Carter Harrison's Trip.

CHICAGO, July 28.—Ex-Mayor Harrison
started on his tour around the world last
night. The party will go first to St. Paul,
then to Winnipeg, and thence over the
Northern Pacific to Vancouver, where they
will take passage on the steamer Batavia,
sailing August 19, for Yokohama. It is the
ex-mayor's intention to visit Egypt, India,
the Holy Land, and all places of interest in
Asia. Returning, he will tarry in all the
principal cities of Europe, and will prac-
tically close his tour in England. As the ob-
ject of his journey is to see and study, he
will take sufficient time, and will probably
be absent over a year.

Saratoga Races.

SARATOGA, N. Y., July 28.—Weather ex-
cellent, attendance very large. First race,
one mile: Swift first, Harry Russell second,
Gelatine third. Time 1:47.
Second race, one and one-eighth miles:
Grisette first, Flagoletta second, Florimere
third. Time 2:00 1-2.
Third race, one and one-sixteenth miles:
Wahoo first, Harwood second, Lewis Clark
third. Time 1:54 1-2. D. A. Honig, the
owner of Wahoo, fell in a dead faint on the
stand as his horse crossed the line, from ex-
citement and the heat.

Indiana White Caps.

INDIANAPOLIS, Ind., July 28.—Governor
Gray has received a letter from George
Gwartney, prosecutor of the Third Judicial
circuit, saying that he has recently prose-
cuted several of the "White Cap" regulators
of his circuit, but found it impossible to se-
cure a conviction. From the tone of the
letter it appears that the attorney has little
hope of bringing any of the regulators to
justice, but he promises to keep up the ef-
fort. The governor is considering the pro-
priety of calling out the militia to suppress
the regulators.

Mexico City Threatened With Overflow.

CITY OF MEXICO, July 28.—A renewal
of the heavy rains, which the sewers were un-
able to take care of, causes apprehension for
the safety of the city in case Lake Tezozaco
should overflow the low lying country be-
tween it and the city. The reports to-day
are that the lake has risen to the level of the
city. There is a popular demand for the
rapid completion of drainage works. Con-
tracts for timber for section work, which is
to be

son's; Maryville, Ky. ~~and~~ only

A VERY SLICK GANG.

Charged With Obtaining Goods Under False Pretenses.

Feather Renovators Accused of "Nipping" Goods from Their Customers.

CAUGHT BY CAPTAIN HEFLIN.

The sensation at Germantown yesterday was the arrest of two men charged with obtaining goods under false pretenses. There were five included in the warrant, but two of the leading ones got wind of what was coming, and made tracks for Augusta. They hesitated not on the order of their going, either. They had only about fifteen minutes start of the officer, however, and it is to be hoped they were overhauled and are now in custody.

The arrests were the result of some nice detective work by Marshal Heflin of this city.

A gang of feather renovators have been at work at Mt. Olivet and Germantown for some time. They hail from Indiana. They opened out at Germantown a few weeks ago, and a few days afterwards they shipped 600 pounds of feathers to Cincinnati by the steamer St. Lawrence. Captain Heflin got on to the matter, and was told by a stranger here in Maysville in the same business at that time that the gang at Germantown had "nipped" the feathers from their customers. Last Thursday another shipment of 525 pounds was made from here by the same gang, making 1,025 pounds in a little more than two weeks. Feathers are quoted at 35 cents a pound, so it can be seen what a profitable business the crowd was engaged in, over \$300 in about two weeks, in addition to the pay for their work.

Captain Heflin was informed by the stranger alluded to that "nipping" meant giving false weights. When a bed was received from a customer, it was weighed, but the scales were "fixed" and there was generally a difference of several pounds between the real and false weight. One victim, so Captain Heflin says, has found that rags were cut up and slipped in to make up the weight of his bed.

Captain Heflin went to work to lay his plans to catch the gang. He visited Germantown giving out the report he was trying to get the position of Marshal during the next fair at that place. This was last Monday, and while at the hotel he heard two of the gang talking about what they would make out of five large beds they had gotten in that day.

They had been promised some work by people living in Germantown, and Captain Heflin quietly went to these people, told them of what he suspected, had the real weight of the beds taken, and had arrangements made to have the "renovating" done that evening. The gang fell into the trap set for them. The beds were "renovated" and several pounds "nipped" in each case. Nine pounds were taken out of one bed.

Yesterday Captain Heflin had a warrant sworn out for the members of the gang, and placed in the hands of the Marshal of Germantown. There were five parties in the crowd. Only two of these were in the town at the time. They got a hint of what was coming and skipped for Augusta. The officers left in hot pursuit shortly afterwards and it is to be hoped the game was overtaken. Two others of the gang were out in the country at the time returning beds to their victims. On their return to Germantown they were placed in custody, and will have their examining trial to-day before Police Judge Johnson. In the absence of County Attorney Newell, C. L. Sallee went out to represent the Commonwealth. The fifth party has not been in Germantown for several days.

There is no telling how many people have been swindled. The extent of the "nipping" amounts, probably, to several thousand dollars, and it is fortunate for the people that the gang has been exposed. Fuller developments may be expected at the trial to-day.

Will Go Deeper.

Another vein of salt water strongly impregnated with sulphur was struck at the gas well yesterday at a depth of a little more than one thousand feet. At first it was thought the water was Blue Lick, but an examination showed that such was not the case.

A meeting of the directors of the gas company was held last night, and it was decided to sink the well deeper. More casing will have to be put in, which will require several days' work. Drilling will be resumed as soon as this can be done.

We are informed that the indications are still very favorable for striking gas.

YOUNG MEN'S FAIR.

Preparations Being Perfected For Approaching Meeting—List of Horses Entered for Purse Races.

The next Young Men's Kentucky Fair will commence August 17th and close August 20th. The fairs held here in the past two years have been wonderfully successful, and the approaching one promises to equal its predecessors. Thorough preparations are being perfected for the meeting, and the young men who compose the company will leave nothing undone to maintain the reputation which their fair has gained as one of the best in the State.

The premium list is a large and liberal one, and the premiums, amounting to \$5,000, will be paid in gold. New and novel attractions have been arranged for each day. Hauke's Reed and Brass Band will furnish the music. The directors have very generously decided to admit ladies free on the first day.

Arrangements have been made for excursion rates on all steamboats and on the Kentucky Central. Mr. Huntington has given assurance that the Maysville and Big Sandy Railroad would be completed to the grounds by the opening day, and work is being vigorously prosecuted to that end. If they succeed in this, visitors will be landed right at the amphitheater.

That Elopement from Lexington. Says the Lexington Transcript. "On Monday night Mr. Charles McCarty eloped with Miss Annie Garland, daughter of Councilman R. Garland, all the parties being of this city. Mr. McCarty is about twenty-one years old, and is employed in the business house of Houlihan & Bro. He came here from Maysville a little over a year ago, and lived for one year in the family of Mr. Garland, and since then has boarded with Mr. Nichols on East Short street. Monday he told Mrs. Nichols that he was going to have a lady for a room-mate and arranged for 'muffins and coffee for two.'

"Mrs. McCarty is about sixteen years old and is said to be very pretty, and a lady of good taste says 'she is very sweet.' Mr. McCarty is said to be good looking. They went to Aberdeen, which being just opposite to Mr. McCarty's home, was familiar to him."

THE COMING YACHT RACE.

ENGLISHMEN ENTHUSED OVER THE THISTLE'S DEPARTURE.

All Sporting Interest Centered in the Scotch Craft That is Expected to Take Back America's Cup—Betting on the Result—Other Foreign Affairs.

LONDON, July 28.—The departure of the Thistle for New York has increased the enthusiasm over her performance and set everybody to talking about yachts and yachting. A few of the extreme sporting men have had their attention drawn away from the speculative possibilities of the race for the America's cup for the moment by the conclusion of the match between Jim Smith and Jake Kilrain, but the devotees of yachting cannot be lured from their allegiance to the Scotch craft that is expected to work a complete revolution in American boat building, besides bringing the cup home with her.

The discussion of the relative merits of English and American yachts has been much enlivened of late by the appearance of the Volunteer upon the scene and the performances of that boat have given some of the Thistle's admirers an extremely bad turn. In connection with the advent of the Volunteer, and the consequent lessening of the chances that the Thistle will have a walk-over, as many enthusiasts predicted a few weeks ago, a story has come to the surface here of the truth of which there is no doubt, and which is too good to be permitted to die of strangulation on this side of the water. It appears that when the Thistle came in an easy winner in the first of the trial races with the crack English yacht so great was the jubilation over her speed, that a pool or syndicate was formed here to wager on her success in the America's cup race.

However patriotic the British sportsman may be he does not permit his reverence for home productions to over-balance his judgment concerning the result of contests upon which his money is ventured, but the promoters of this scheme felt that the Thistle was a boat superior to anything afloat. Consequently arrangements were made to profit by American enthusiasm and National pride, and it may be safely said that the acquisition of no money would be so hailed with glee as a round stake captured from the Americans after so many years of disappointment to British yachtsmen. Not that the latter have ever admitted any superiority in American boats. On the contrary, they have always derided them as unsafe, inconvenient crafts, merely raring machines screwed up to a temporary pitch of speed by some Yankee trick or device, and whenever an American cat-boat is upset through the incompetency or carelessness of her handler, the accident is dilated upon by English journals as proving the unseaworthiness of American yachts. But the British coalition was taken aback by the appearance of the Volunteer as a contestant, and the entrance of this factor into the quota of things to be considered also ludicrously altered the boastful tone of the nautical prophets.

Many small wagers have thus early been made that the Thistle will bring back the much coveted cup, but the subscribers to the large fund accumulated to deplete the pockets of American sportsmen have taken alarm at the reports of the Volunteer's speed, model and latent possibilities, and a meeting of the contributors has been called to discuss the matter in its new bearings. It would be curious, but not at all surprising in the circumstances, if the fund should be returned to the subscribers, or the managers instructed at the last moment to hedge.

The Telephone in China.

TIENSIN, China, July 28.—Count Mitkiewicz, representing a Philadelphia syndicate, has a successful mission in China. He has obtained for the syndicate a decree from the Chinese government granting them absolute control throughout the entire empire of a telephone system which they propose to establish. The decree is for fifty years, and is signed in favor of Mr. Wharton Barker, of Philadelphia, and Count Mitkiewicz for the syndicate. This is the first concession of its kind ever granted to foreigners, and in which the Chinese government has purchased half the stock. Government envoys will accompany Count Mitkiewicz to America, and are empowered to negotiate for the large enterprise.

BERLIN, July 28.—Six of the persons injured by the explosion of the boilers at Friedenshutte yesterday, have died from the effects of their wounds, and the remaining ones are in a critical condition.

The Crown Prince Recovering.

BERLIN, July 28.—Reports are received that the crown prince is progressing rapidly toward complete recovery.

MARYLAND DEMOCRACY.

Indorse President Cleveland But Oppose Civil Service.

BALTIMORE, July 28.—The Democratic State convention for the nomination of a governor, attorney general and comptroller was called to order at 12:30 p. m. by United States Senator Arthur P. Gorman, chairman of the State Central Executive committee, with Col. J. Thomas Scharf, of Baltimore city, as secretary. Senator Gorman opened the convention with a short address, in which he paid a high tribute to the worth of President Cleveland, and concluded by saying that he could no longer serve on the committee, owing to the multifarious duties of his position as United States senator. Bernard Carter, of Baltimore city, was then chosen temporary president, with Thomas Taylor, of Anne Arundel, and Henry Silver, of Talbot, secretaries.

The platform refers to the administration of President Cleveland as follows: "That the administration of Grover Cleveland has kept the faith of the Democratic party of the Union. It has maintained with firmness the dignity of the office of the executive, has recovered millions of acres of the public domain and protected the humblest settler from the rapacity of grasping corporations, has revived respect for law, restored confidence in our institutions, and brought economy and integrity to all the functions of government. Already a navy is fast being created, of which we may be justly proud, and the great heart of the country throbs healthfully as we gradually go back to the simple and honest methods of the fathers of the republic."

Custosa House Investigation.

NEW HAVEN, Conn., July 28.—The treasury agents who have been investigating the management of New England custom houses have recommended that one inspector be dropped from the force at New Haven, as

Inspector Harry Leigh was found to be engaged in private business in addition to his official duties, which is contrary to the rules of the treasury department. He was selected as the victim and has been dismissed.

Jailed for Wife Murder.

COLUMBIA, S. C., July 28.—Pikens Bryant was jailed for killing his wife. On Monday he gave her a terrible lashing, taking off the skin in many places. She lived only a few hours. A lynching is expected.

Base Ball Troubles.

NEW YORK, July 28.—A secret meeting of the American association, at which the Metropolitan, Louisville, Cleveland and St. Louis clubs were represented, was held here several days ago. Chris. Von der Ahe presented charges of incompetency against President Wilkoff. Not sufficient to obtain a majority being present, it was decided to hold another meeting September 3. At the meeting Von der Ahe threatened to jump into the League.

Boat Race Arranged.

NEW YORK, July 28.—At the annual election of officers of the National Amateur Oarsmen association, all the former officers were re-elected except Vice President W. A.
